Thanks for the update Robert. Will advise our operations team.

Please note our group email address has changed as the SMPUS BUNKERS address is no longer active. The new email is GXTRShellAmericasBunkerSales@shell.com. Yes, it is very long. Grateful if you can update your records.

Many thanks,
Diane

IMPORTANT

We have placed this order with you on the basis that you have agreed to guarantee that the supply will be made in full compliance with Appendix VI of MARPOL 73/78 including Appendix V and MEPC guidelines. The MARPOL sample and additional samples for quality assurance will be drawn by a continuous drip sampler at the receiving vessel's manifold and these samples will be used for quality assurance testing purposes by both parties.

All bunkers supplied are to be of a stable and homogeneous nature and shall conform to ISO8217E or such other ISO standard in force at the time of the supply. The fuel oil must be of merchantable quality, fit for use in the vessel's engines and free from contaminants, including but not limited to, fatty acids.

Suppliers are to liaise closely with Master/Agents to arrange final quantities and timings for expeditious supply.

Please ensure the master/vessel's representative witnesses -

- a) the drawing of representative samples of each of the fuels to be supplied and is given and retains a sealed and signed container of each of those fuel samples and
- b) the soundings and measurements of quantities before and after delivery.

Please ensure copies of your product health and safety data sheets are given to the vessel and that you comply with SOLAS Chapter VI, Regulation 5-1

Please ensure that signed and stamped copies of the delivery receipt(s) and the invoice are e-mailed to us at bunker.invoices@aet-tankers.com as soon as possible after supply. Please don't send hard copies at all.
